# INTRODUCTION

## WELCOME TO THE NORTH OF TYNE COMBINED AUTHORITY'S CORPORATE PLAN FOR 2022-2023.

Last year's Corporate Plan set out a three year vision for our Mayor and Cabinet, with ambitious delivery plans underscoring their vision to see a more vibrant and inclusive economy in the North of Tyne. I want to place on record my thanks to the NTCA team and our partners, who have continued to deliver this vision over the last twelve months with hard work, expertise, and a passion for achieving better outcomes through collaboration.

CHIEF EXECUTIVE DR HENRY KIPPIN

This refresh of the Corporate Plan offers the opportunity to reflect on how we have done so far, and what we will prioritise in another critical year for the Combined Authority and the region:

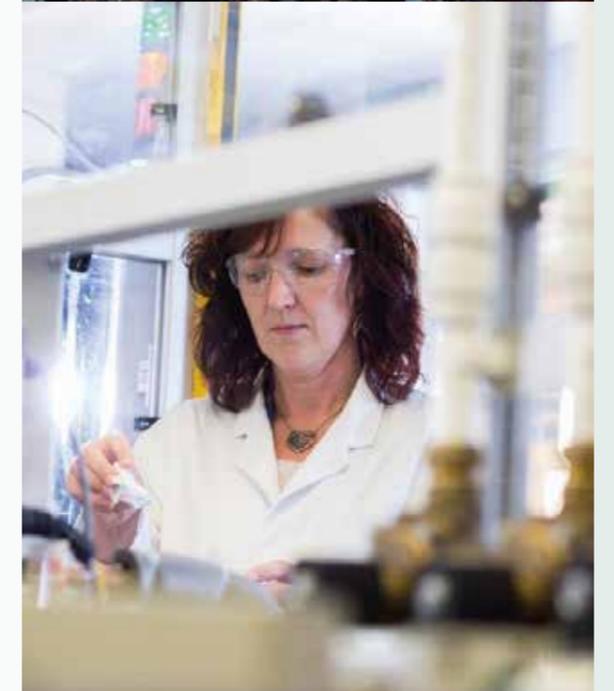

**Delivering in a Shifting Context.** 2021/2022 has been a year of adaptation and change. Covid19 continues to influence our working patterns, investment decisions and the speed with which we and our partners can translate strategic plans into real-world delivery. We have also seen some important policy shifts, notably through COP26, the Levelling Up White Paper and the emerging implications of Brexit. It is vital that we continue to adapt and deliver – which is why we are doing more than ever in 2022/2023 on team resilience and capacity.

**Expanding our Programmes.** The last twelve months has seen a significant expansion of our work programme – with new Cabinet commitments driving investment in areas like the digital economy, rural growth and poverty prevention. Government has also conferred new investment and responsibility on NTCA in areas like brownfield housing, adult skills and nature recovery. This year's delivery plans show how we will translate this investment into tangible activities and outcomes.

IT WILL NOT SURPRISE ANYONE TO HEAR THAT OUR TOP CORPORATE PRIORITY FOR 22/23 IS TO PRESS AHEAD WITH DELIVERY.

**Accelerating Delivery.** It will not surprise anyone to hear that our top corporate priority for 22/23 is to press ahead with delivery. As our Gateway Review baseline report has noted, we are already making great strides. All credit to the team and our partners for that. In the coming year we need to be relentless in pursuit of more – so that families, communities and businesses in the region can feel the benefits of the bold vision set out by our Cabinet.

## OUR CORPORATE PLAN

**WE ARE THE NORTH OF TYNE COMBINED AUTHORITY – A STRONG CROSS-PARTY, CROSS-REGIONAL COLLABORATION LED BY A MAYOR AND CABINET WORKING HARD TO CREATE INCLUSIVE, SUSTAINABLE GROWTH THROUGH DEVOLUTION.**

This is our Corporate Plan. It outlines the things that we are doing and will do in the future - using the powers and resources from our Devolution Deal - to drive jobs, inclusion, new homes and positive economic change in our region, by building on the rapid progress we have already made.

The Plan outlines how, through strong collaboration and real innovation, we are helping to build an exemplar post-Covid city-region that truly delivers on the promise of levelling up. It shows how a true cross-sector collaboration is being built in the region, and sets out the tangible, real-world impact of our work – right now and for the next three years – enabling positive change from the Tyne to the Borders.

We are collectively prepared to do whatever it takes to secure our recovery and help shape the future. The following pages show how we will do this in practice.

## OUR VISION

**OUR NORTH OF TYNE VISION IS OF A DYNAMIC AND MORE INCLUSIVE ECONOMY, ONE THAT BRINGS TOGETHER PEOPLE AND OPPORTUNITIES TO CREATE VIBRANT COMMUNITIES AND A HIGH QUALITY OF LIFE, NARROWING INEQUALITIES AND ENSURING THAT ALL RESIDENTS HAVE A STAKE IN OUR REGION'S FUTURE.**

We work in partnership, We create connections between programmes and projects and we are inclusive. Devolution has given us the chance to make our own decisions about our own future so we are targeting investment where we know we need it most, making a strong connection between economic growth and providing people with the skills, education and confidence to benefit from every opportunity.

## NORTH OF TYNE... A SNAPSHOT

### OUR ECONOMY HAS RECOVERED SIGNIFICANTLY FROM THE PANDEMIC...

Major job announcements and inward investment: British Volt, JDR Cables, Version 1 and Verisure.

12,000 fewer North of Tyne residents are claiming unemployment benefit than at the peak of the pandemic. We are only marginally above the national average.

### BUT CHALLENGES AND RISKS REMAIN

Long-term unemployment has increased, with nearly half accessing benefits for 2 years or more. Up 20% from pre-pandemic.

Business start-ups and innovation below national average. The gap is equivalent to an extra 360 businesses per year.

The number of people in work has fallen by 19,000 people since before the pandemic.

The pace of UK recovery has slowed and the risks to our growth have increased.

### ... AND THE COST OF LIVING CRISIS MEANS THAT MANY HOUSEHOLDS WILL SEE BILLS GOING UP THIS YEAR BY MORE THAN THEIR INCOME.

Household's average energy bills increased by £700 when the energy price cap was lifted in April and there are potentially further increases to come.

Spending power also held back by higher National Insurance contributions and inflation, which rose to 7% in March.

### LOOKING FURTHER AHEAD, OUR REGION CAN LEAD THE RECOVERY TOWARDS A MORE SUSTAINABLE AND INCLUSIVE ECONOMY:

We are powering the UK's green economy, including investment and new jobs in offshore energy and battery manufacturing.

We are unlocking inclusive innovation in our businesses by strengthening our links to our world-class health, digital, research, Catapult and innovation assets.

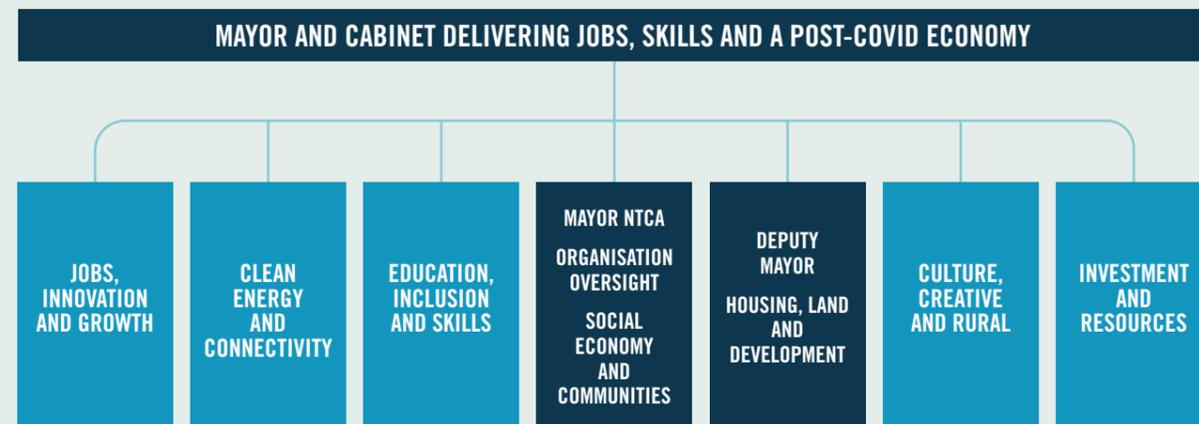

We are seeing an increased commitment to Good Work, which now covers 40,000 employees across 56 organisations.

We are helping to build the profile of the region and have become known for our natural and cultural assets, and our world-class events.

## DELIVERING TOGETHER...

WE ARE ADDRESSING THESE REGIONAL CHALLENGES THROUGH A BOLD PROGRAMME OF INVESTMENT AND REFORM WHICH IS DESIGNED, DELIVERED AND GOVERNED THROUGH COLLABORATION. OUR CABINET HAS OVERSEEN RAPID PROGRESS AND WORKS TOGETHER TO ENSURE THAT WE DELIVER THE BIGGEST SOCIAL, ECONOMIC AND CLIMATE RETURN POSSIBLE.

Cabinet Members lead specific portfolios and give collective strategic direction and oversight of our work. Cabinet is made up of representatives from Newcastle City Council, North Tyneside Council and Northumberland County Council, it is led by our Mayor and Deputy Mayor.

Ensuring that local priorities are reflected, we maximise the connection between our urban, rural and coastal geographies and our unique local assets and strengths.

The Mayor chairs the Cabinet, provides oversight of the programme, and plays a key role engaging with citizens, businesses, voluntary sector partners and with Government.

All are supported by an executive team built on close partnership between NTCA and constituent Local Authority officers.

## OUR CROSS-CUTTING THEMES

Our portfolios and programmes of work are underpinned by three cross-cutting themes. They are net zero, an inclusive economy and innovation in recovery. Together these portfolios and themes form our strategic plan.

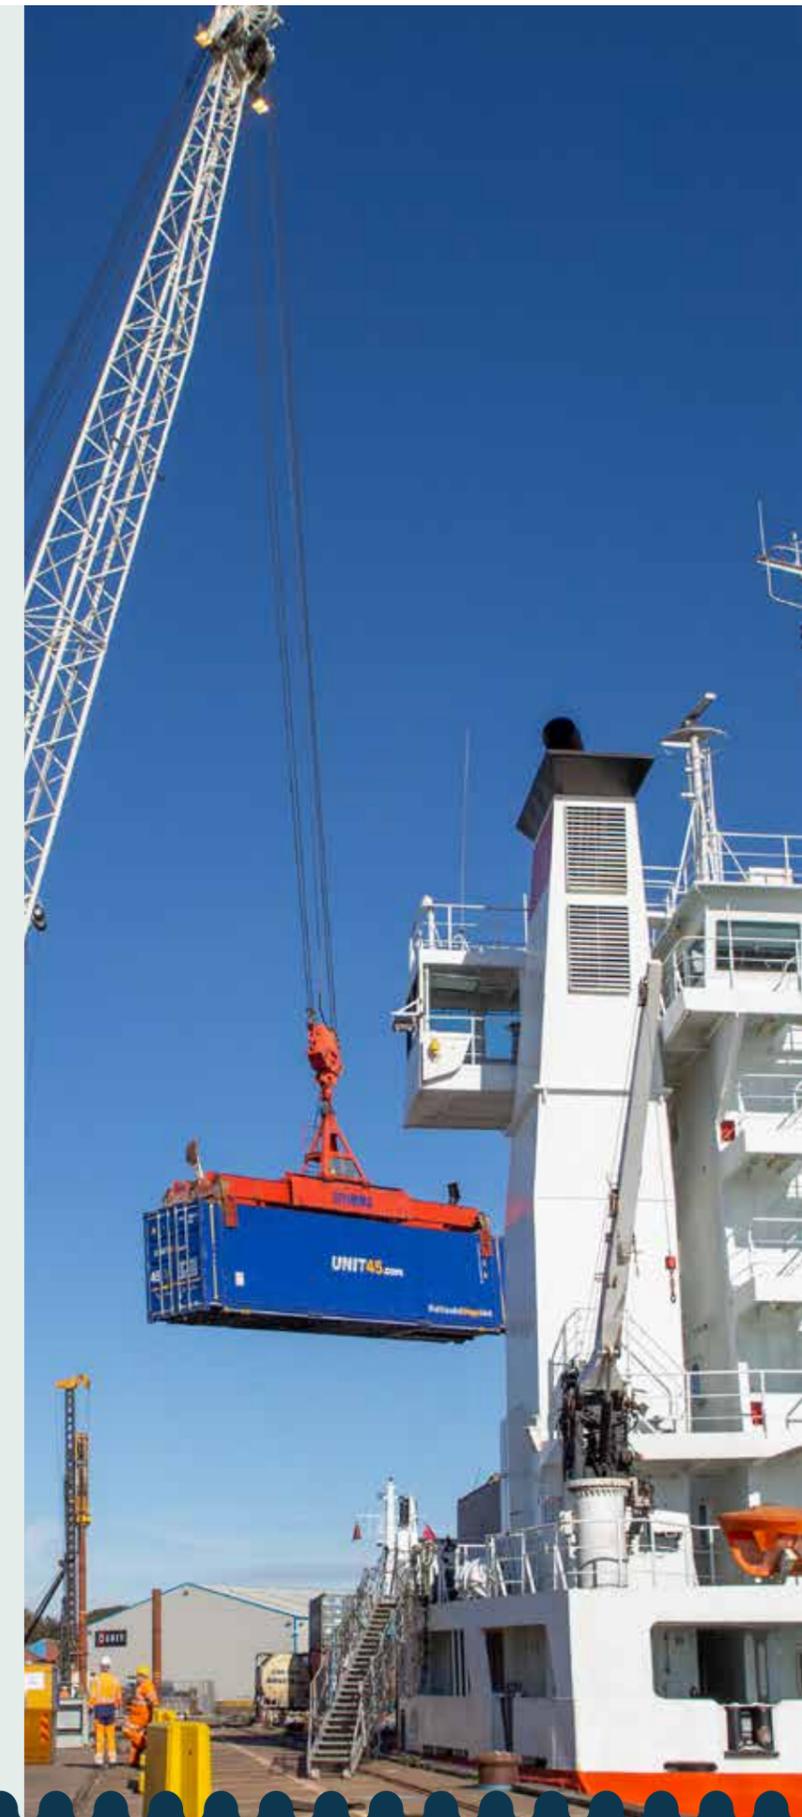

# MAYOR AND CABINET

## OVERSEEING POLICY AND INVESTMENT PRIORITIES

← **COMBINED AUTHORITY COLLEAGUES WORKING COLLABORATIVELY ACROSS INTERDEPENDENT PORTFOLIOS TO DELIVER...** →

## HOW WE WORK

WE KNOW THAT THE WAY WE WORK IS JUST AS IMPORTANT AS WHAT WE DELIVER.

**Driven by our mission** – with clear goals, ambitious targets and a restless focus on ensuring long-term impact for our people, businesses and places. The evidence for this is in our investment fund commitments, recovery deal and Cabinet decisions on investment.

**Collaborative by design** – supporting a system response to complex challenges, and collaborating strongly in everything we do with our local, national and cross-sector partners. The evidence for this is in the number of partnerships we have grown and curated within the region and beyond.

**Innovative and agile in delivery** – a small team, proactively looking for new ways of working, delivering, and ensuring we add value, learn and adapt in a constantly changing context. The evidence for this is in our innovative funding models and the way we have adapted our delivery programme through Covid.

**Inclusive and aware** – celebrating difference and living by our values, including through ambitious equalities and social value policies and balanced headline investment fund commitments. The evidence for this is in our policies, our team values and behaviours, and in the strong focus on inclusion within our programme.

**Showing leadership** – being brave and investing early in areas where we can make a difference and leverage additional resource and collaboration. The evidence for this is in the foundational investments we are making in climate, digital, energy, housing and creative sector growth.

## FUNDING, INVESTMENT AND RESOURCES

**THIS SECTION EXPLAINS WHERE OUR MONEY COMES FROM AND HOW IT IS ALLOCATED. THE CABINET ARE ACCOUNTABLE FOR OUR INVESTMENT DECISIONS AND FOR ENSURING THAT THIS HAS IMPACT. THE PROCESS IS OVERSEEN BY THE NORTH OF TYNE INVESTMENT PANEL.**

The foundation of our investment is a £600m fully devolved investment fund, which delivers £20m per year over a thirty-year period. The purpose of this fund is clear: to support accelerated, inclusive growth which creates new jobs and skills opportunities, and which helps build the foundation for long term, sustainable growth in the region.

Our Investment Fund is augmented by new funding streams worth almost £700m which have been secured since the original devolution deal – supporting adult skills, the remediation of brownfield sites, community renewal and SME growth.

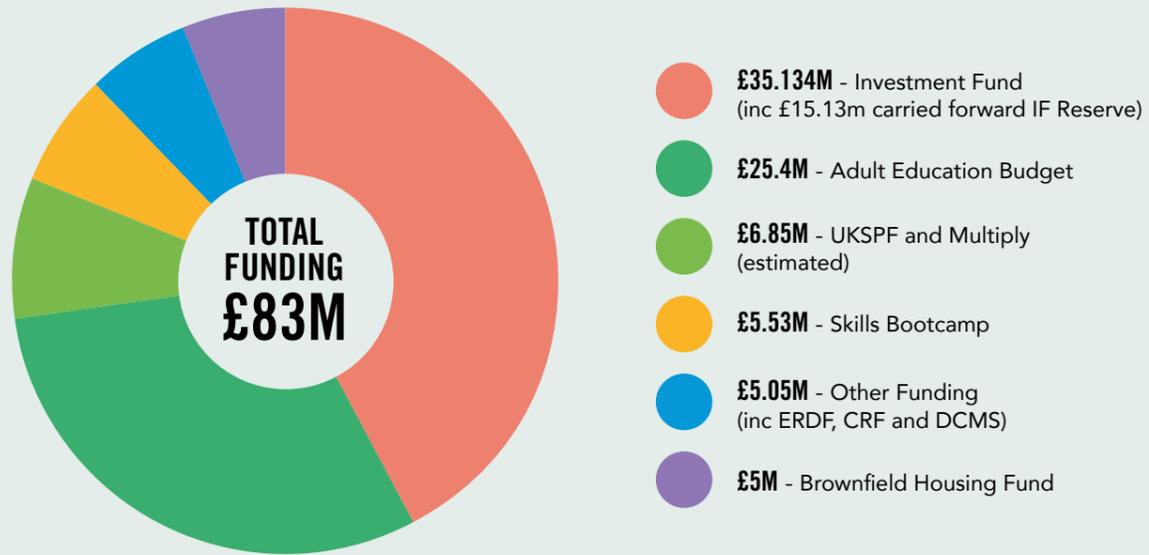

The North of Tyne Cabinet agreed a headline Investment Plan in April 2019 – which set out ambitions for delivery across a five-year period utilising the first £100m of Investment funds. This plan covers 'business', 'people' and 'place' elements as well as providing flexibility for us to pursue strategic opportunities as they arise. In addition, a small proportion is used to enable the Combined Authority to realise and effectively manage project delivery. Towards the end of 2020/21 legislation was put in place to secure borrowing powers that allow the Combined Authority to consider appropriate opportunities to increase the level of investment.

Over £90 million of this initial tranche has been committed and invested into tangible projects. This has helped attract a further £282m of private sector investment. This is reflected in the delivery plans on the next page.

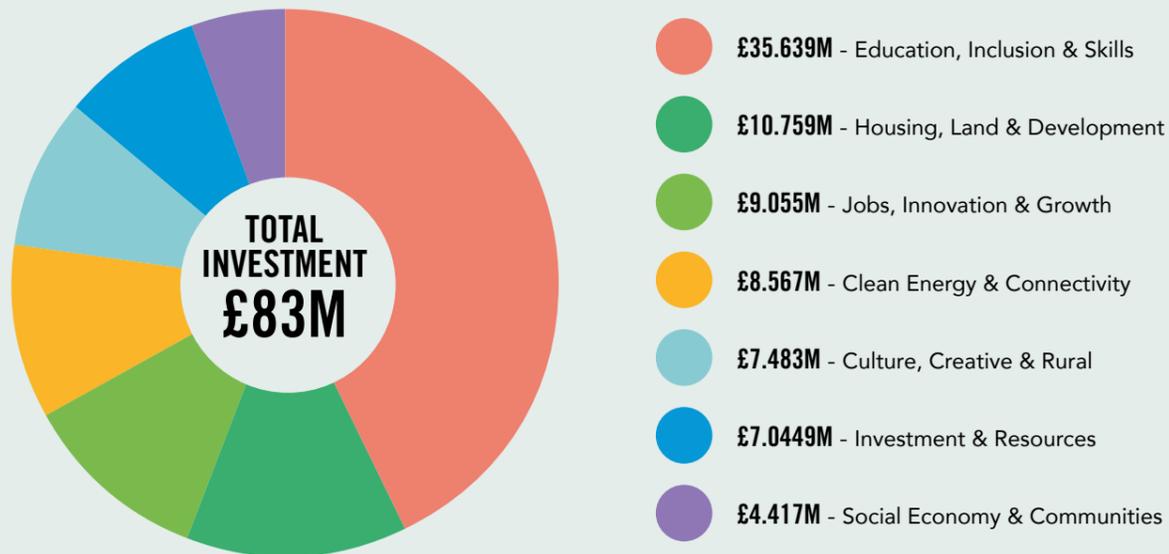

A proportion of our funds will also be recycled through recoverable grants, loans, and equity investments – through new investment and delivery vehicles such as the Green New Deal Fund and the Culture and Creative Recovery Fund. This helps to maximise the value of our interventions.

## MEASURING OUR IMPACT

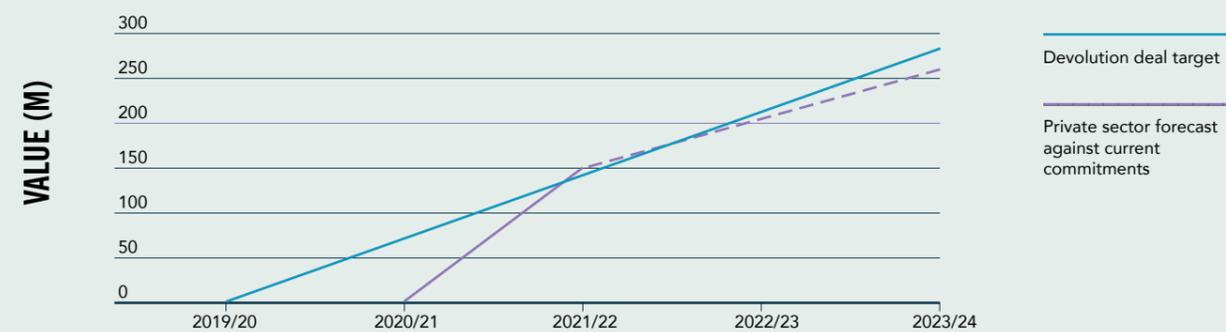

### OUR TARGETS

The devolution deal committed us to adding an additional £1.1bn GVA to the economy, delivering 10,000 new jobs and leveraging over £2.1bn in private sector investment. This is a 'job a day' through the lifetime of the deal, with every £1 invested generating a further minimum of £3.50 of private sector investment. We are on track to meet and exceed these targets, with over 4,500 projected new jobs already in the pipeline which we will work hard to turn into real, sustainable careers for our citizens.

## UNDERSTANDING IMPACT

### WE KNOW THAT IMPACT IS EVERYTHING. THIS IS WHY WE HAVE ESTABLISHED A ROBUST MONITORING AND EVALUATION FRAMEWORK THAT SHOWS:

- How our priorities, mission and values translate into mechanisms for delivery
- How these mechanisms create value
- How we understand, measure and learn from the impact that we are making.

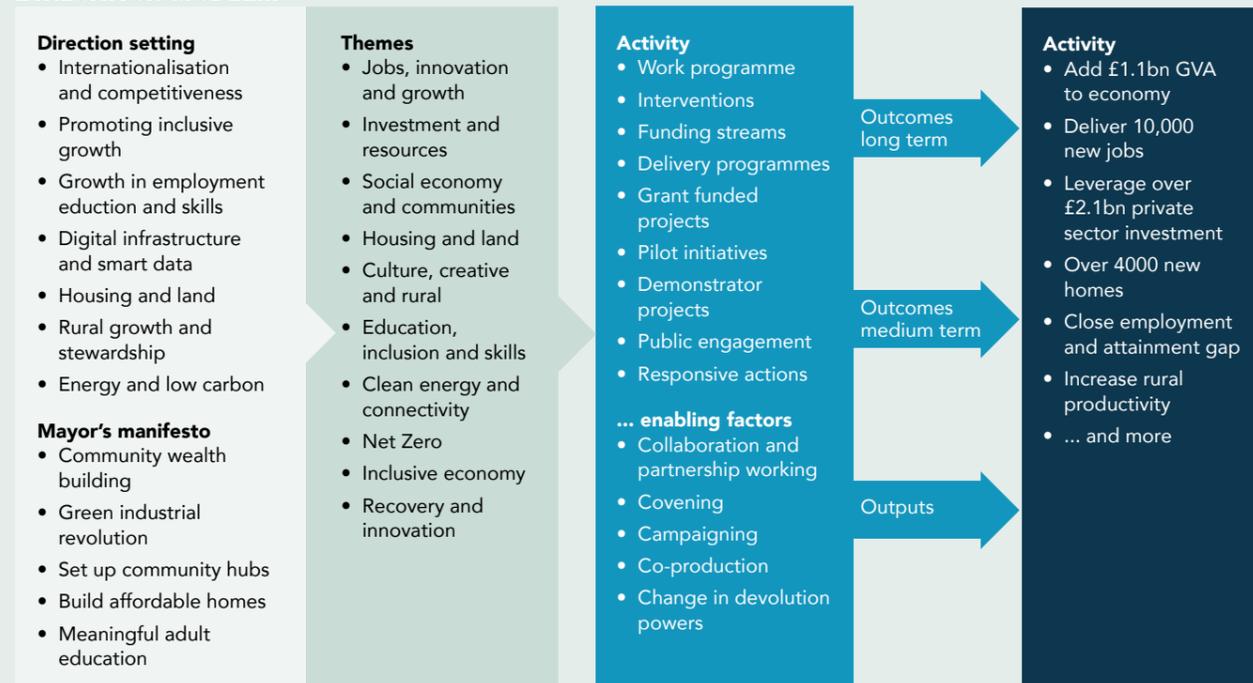

### SUMMARY OF OUR APPROACH:

This journey from issue-to-impact is outlined in the evaluation model below. It is used to evaluate the delivery priorities set out within this corporate plan, and helps us account for the impact we make to partners in the region and within Government.

Our policy priorities are drawn from NTCA’s devolution deal, the Mayor’s Manifesto, and the strategic direction shaped by our Cabinet. This framework ensures that NTCA is accountable for the investments that we make, and that we can learn, adapt and improve the way that we work in a changing environment.

## JOBS, INNOVATION AND GROWTH

### THIS PORTFOLIO DELIVERS ACTIVITIES TO SUPPORT JOB CREATION, PRODUCTIVITY GROWTH AND BUILDS OUR CAPACITY FOR INNOVATION.

It does this through major investment into future growth sectors and economic opportunities – such as our digital economy, low-carbon jobs, healthy ageing, and post-Covid urban renewal.

The three workstreams within this portfolio are: digital growth and innovation, Green New Deal, and health economy.

## OUR ROLE

- NTCA and cross-North East activities to support economic response and medium-term recovery.
- Attract investment to directly provide additional job and growth opportunities.
- Create sectoral growth and innovation programmes, including 'readiness' of businesses to transition to digital.
- These sectoral programmes include digital growth, innovation, and healthy ageing economy.
- Unlock economic opportunities associated with 5G and future technologies.
- Invest in collaborative open innovation approaches to industrial research, and accelerating commercialization, including:
  - the development and delivery of Insights North East – a cross-sector collaboration to support better decision making
  - development of a cross-sector inclusive innovation narrative with partners
- Supporting green jobs in sectors through our energy, green growth and climate change programme, which includes our Green New Deal Fund.
- Creating support eco-system for SMEs to grow and decarbonise, resulting in locally anchored job opportunities for all, at all skill levels.

## AMBITION

- Create 10,000 new jobs over 30 years.
- Build the basis of long term investment plans for key sectors in the North of Tyne that are ambitious but grounded in the reality of our economic assets and market opportunities.
- Position the North of Tyne as a innovative forward-thinking test bed for the future economy and an exemplar of levelling up in action.
- Raise levels of private and public sector R&D and innovation activity to national average (outside 'golden triangle'), leveraging the government's levelling-up white paper targets.
- Take a real lead in enabling green growth that will be fundamental to future growth, recovery, and the achievement of net zero.

## METRICS TO INFLUENCE

### NTCA Outputs:

- Direct jobs created.
- Direct jobs safeguarded.
- Indirect jobs created.
- Indirect jobs safeguarded.
- Enterprises receiving support.
- Enterprises introducing new to market products.
- Creation, or safeguarding, of space for business activities.
- Open workspace created or safeguarded for SMEs.

### Wider outcomes/results:

- Start-up and business survival/growth rates.
- Private sector investment including inward investment from outside of the region.
- Increase in GVA.
- Reduced carbon emission.

## CLEAN ENERGY, AND CONNECTIVITY

**THIS PORTFOLIO DELIVERS ACTIVITIES TO BOOST THE INVESTMENT READINESS, INNOVATION POTENTIAL AND REGION-WIDE CONNECTEDNESS OF OUR WORLD-LEADING CLEAN ENERGY SECTOR.**

It does this through major investment in river and port infrastructure, supply chain innovation, digital connectivity and flagship transport projects like the Northumberland Line.

The three workstreams within this portfolio are: clean energy, transport and mobility, and digital connectivity.

### OUR ROLE

- Accelerate the development of low carbon energy – including offshore wind and battery technologies – bringing forward a pipeline of key sites, infrastructure and innovation.
- Develop our transport and digital infrastructure and connectivity vision statements – setting out our joint ambition with constituent LAs and an associated pipeline of projects ready for government investment at scale.
- Co-design 5G and future connectivity proposals with partners and build the business case for catalytic investment to support industry adoption.
- Lead on the development of a Future Connectivity Partnership, as a first step coordinating the Digital Connectivity Infrastructure Accelerator programme to unlock the roll-out of 5G and mobile connectivity.
- Support efforts to secure package of funding to support the development Northumberland Line physical works.
- Develop and co-ordinate proposals for an economic corridor along the Northumberland Line and secure investment for implementation.
- Convene the Tyne Taskforce, helping maximise economic and social potential.

### AMBITION

- North of Tyne area secures significant numbers of jobs in low-carbon energy production – including in offshore wind and battery manufacturing supply chain.
- The area is recognised as one of the leading centres for offshore wind manufacturing, servicing and innovation.
- Economic future of the Tyne and Blyth assured, with investment in sites, infrastructure.
- Northumberland Line successfully introduced, radically transforming connectivity to south east Northumberland, and with associated economic and social benefits.
